

# Healthcare and the Agility of Infrastructure

Proprietary and Confidential

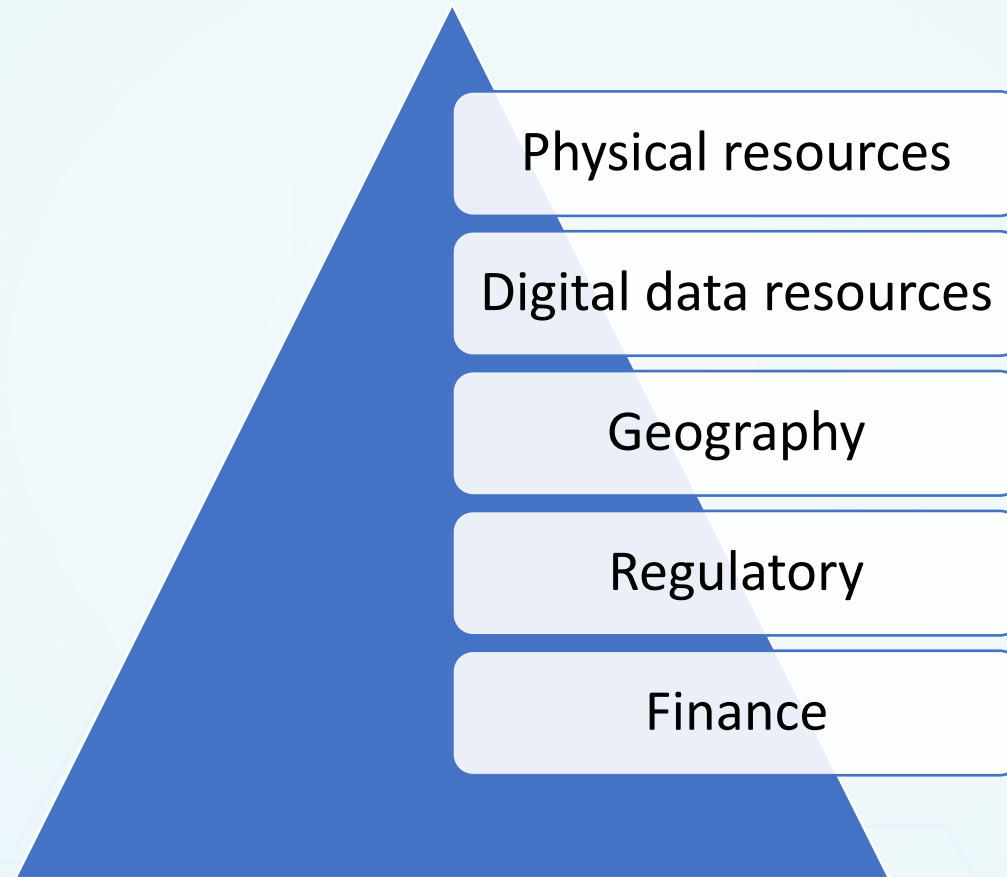

# Our Global Vision

---

MPayz has a healthcare-focused mission to build and deploy a technology ecosystem that enables companies and governments around the world to launch and commercialize applications that reduce costs, enable interoperability, increase transparency and data exchange, and empower individuals with control over their personal health information. Healthcare to Humancare.

# Agility of Infrastructure - Healthcare

# Digital Identity, Security and Data Privacy

Providers

Payors

Patients

# Credentialing Platform – A unified health payment & data vault for Licensing, Permitting and Credentialing

## Key Features:

- Certificates and permit issuing via **MAPay** credential platform
- Fiat and Digital Payment Capabilities
- Secure messaging powered by **MAPay** network
- Secure data storage and sharing of credentials via **MEDspedia Vault**
- Secure credentials issued by government / authorized bodies
- Meets global standards of decentralized identity and credentials (W3C)
- Standardize cross-jurisdiction acceptance

# Healthcare data & cross-border travel

Today cross-border travel leaves all healthcare data behind in the home country

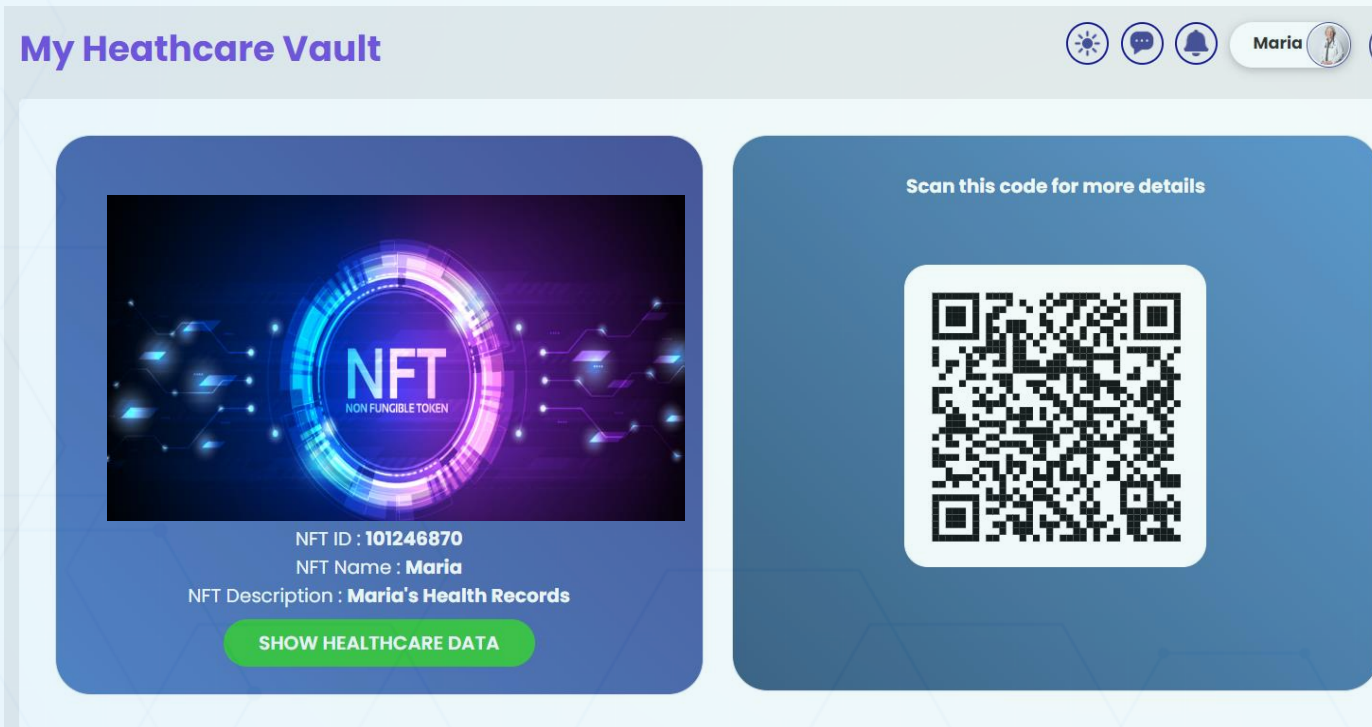

Navigating medical care in a different country without ready access to your updated healthcare data creates challenges

The ability to permission your personal healthcare data on demand while traveling cross-border is critical.

# Personal Healthcare NFT vault allows bi-directional data, payment and messaging *Social Determinants of Health (SDOH)/Contextual Biomarkers*

*Scan QR code and permission to attending providers*

# MAPay Commercial Applications

## Deployment of other healthcare/pharma blockchain and Web3 applications in 2023

- Digital health registries
- Digital Identities (payors, providers, patients)
- Dynamic NFTs for PHI
- PHI monetization for individuals
- Clinical Trials
- Telehealth
- Digital and Cross-Border Payments
- Value-based drug pricing
- Care and currencies - No borders
- Healthcare access inequities leveled
- Blockchain NaaS

# MAPay Two Day Summit

## Our Vision for the MAPay Summit

The Summit begins with a two-day visit to the country, engaging in separately scheduled meetings with top public and private sector officials from health, finance, insurance, hospitals, banks and others deemed appropriate.

**Ideally, meetings are established with the following persons/parties:**

Public Sector	Private Sector
<ul style="list-style-type: none"><li>• Minister of Health</li><li>• Minister of Tourism/Commerce</li><li>• Finance Minister</li><li>• Gov Health Insurance</li><li>• Fintech Lead/Department</li><li>• Top public hospital leaders (CEO/CFO/Rev Cycle)</li><li>• Financial Assistance Programs/Prescriptions</li><li>• Population Health/Unique Patient ID initiatives</li></ul>	<ul style="list-style-type: none"><li>• Top Health Insurance Companies</li><li>• Entrepreneurial Doctors/Doctors Consortium/Association</li><li>• Top Bank/Treasury Services with international payments</li><li>• Top Management Consulting Group</li><li>• Leading Hospital Executives</li><li>• Non-profits associated with certain disease classes</li><li>• Patient Advocacy groups</li></ul>

*Our feedback for these summits is extremely positive and well-received. These summits are the key to engage stakeholders that benefit the use cases and solutions to efficiency.*
